Uni HB

Easy Installation, Easy Life

Easy Installation Pro

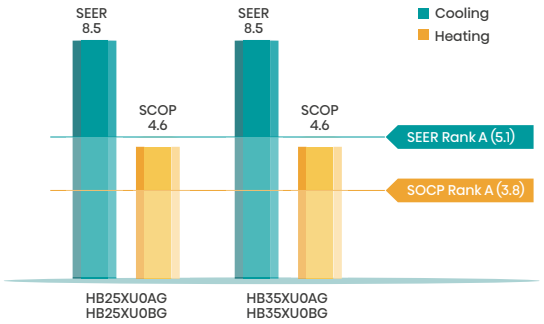
Adopting a detachable structural design and equipped with easy installation brackets, when the AC is hung on the wall, there is enough space to connect the gas-liquid dual-purpose pipe, greatly improving installation efficiency and making it convenient and fast.

HI-NANO

Healthy high-concentration ions can effectively remove airborne dust ,viruses and inhibit bacteria, including 60.07 % * of PM2.5, 92.6 % * of HINI and 88.5% " of E coli . in 2 hours, creating a truly healthy and good quality airenvironment.

High Energy Efficiency

Hisense expert inverter technology makes the unit more efficient.Excellent cooling/heating performance is another feature for the HB. models from capacities 25 to 50 all have achieved the "Rank A+++" for SEER and SCOP.



Power & Capacity Statistics

APP is convenient to query the power consumption and the cooling and heating capacity of air conditioner (day.week.year).

PCB Stability Design

Increasing the thickness of outdoor unit PCB anti-corrosion paint to 50um, using anti-corrosion screws and electrical components.The sealing electrical box to prevent the insect from damaging the outdoor PCB.
